

WOCOWAY 2

GENERAL DESCRIPTION

Wallover way oils are formulated using only highly refined paraffinic base oils. They contain friction-modifying additives that provide smooth slideway movement, or anti-stick-slip, on sliding machine ways including planers, grinders, shapers, milling and horizontal boring machines. These oils have mild EP properties, exhibit good rust prevention and adhere strongly to sliding surfaces minimizing wear to slideway components.

TYPICAL PROPERTIES

Viscosity @ 40°C, cSt	70
Viscosity @ 100°C, cSt	8.7
Viscosity Index	90
Pour Point °F	20
Flash Point, COC °C	420
Cu Corrosion	1B
Stick-Slip Test.....	Pass
Rust Test.....	Pass

SHIPPING CONTAINERS

Available in 5 gallon pails, 55 gallon drums, or 275 gallon bulk containers.

HEALTH & SAFETY

Material Safety Data Sheets are available for all Wallover products. Consult the MSDS for information regarding the storage, handling and disposal of this product.

WARRANTY

All reasonable effort has been made to ensure that the information provided in this publication is accurate. No warranties are expressed or implied since the use of this product is beyond our control.
